

In the United States came up with sex dolls with intelligence

In an interview with The New York Times said an employee of the manufacturer Abyss Creations Matt Macmullen reports Эсрпеcco.TV. Macmillan talked with the prototype of the doll. For example rubber toy answered the question the inventor about his dream. I have a lot of desires. I want to become a real person with a real body. I want to know what love is. I hope to become the world's first sex robot, she said. It is noted that the retail price of the dolls will be about 10 thousand dollars. The American company Abyss Creations began producing realistic silicone sex dolls with movable limbs in the middle of 1990-ies. Their skeleton is created from high strength aluminum. The cheapest model costs 65 thousand dollars. As of 2010 the world has sold more than 4 million dolls. Enter a word to begin Enter the word below
